MONTHLY REPORT | OCTOBER 2026

Website, Social Media Content and Google Performance

Report period	Google data covers	Prepared for	Based on
1 to 31 October 2026	1 to 28 October	Monthly Reporting	Worktracker, Google Search report, daily work logs

145	8,620	1.68%	7th	10 of 10	15 of 20
Visits from Google	Times we were shown on Google	Clicked (about 2 in every 100 shown)	Average spot on Google	Website tasks completed	Creative designs completed

1. Summary

Positives: many more people saw us on Google. On a typical day we were shown **149 times in the first two weeks and 467 times in the last two weeks, about 3 times more.** Visits from Google also doubled (46 to 99).

Needs attention: visits did not grow as fast as views, so a smaller share of people clicked (2.21% fell to 1.51%). Also, finished designs are not being posted. **15 are ready, none are live.**

2. Google Performance, Week by Week *How often people saw us and how often they clicked*

Week	Visits on Website	Times shown on Google	% of people who clicked after seeing	Average spot (1 = top)	What it means
1 to 7 Oct	25	1,053	2.37%	7.1	Starting point
8 to 14 Oct	21	1,032	2.03%	7.5	No change
15 to 21 Oct	42	1,957	2.15%	6.1	Best spot of month
22 to 28 Oct	57	4,578	1.25%	7.3	Seen a lot more
Whole month	**145**	**8,620**	**1.68%**	**7.0**	**Busiest day: 27 Oct**

Most seen pages	Visits	Times shown	Clicked	In simple words
Home page	66	1,144	5.8%	People searching our name. Strong.
Article: how to lock data in TallyPrime	30	1,647	1.8%	Our best article. It is near the top of Google and almost nobody covers this topic.
Article: IT companies in CBD Belapur	9	603	1.5%	Local searches work well. Old website remaining tag
Article: what TSS expiry means	1	890	0.1%	Many people with an expired TSS look at it, but it gives them no next step.
Tally Cloud Access page	0	298	0.0%	Ranks high, yet nobody clicks. Needs a clearer message.

Who finds us: People typing our company name clicked **6.7%** of the time (25 visits). People searching other topics clicked only **0.8%** (19 visits), so this is our biggest chance to grow. Computer users clicked 1.9% and phone users 1.4%, and phones are 40% of views, so phone pages need care.

Almost all visits (97%) come from India. The company-name / other-topic split covers only searches Google lists by name, about one third of the total.

3. Work Completed in October *All 10 tracker tasks done, none late*

Area	What we did (simple words)	Benefit
Online payments	Online payment (Razorpay) now works fully. Shopping cart and faster payment page built (1 to 3 Oct).	Customers can pay online
Google visibility	Removed old pages from Google, fixed broken links (12, 16 Oct). Added 4 new articles (13 Oct). Fact-checked and corrected 8 articles (26 Oct). Rewrote page titles site-wide to attract clicks (29 Oct).	102 pages now show up on Google
Tally Insights	New learning section where each lesson has its own page (22 to 30 Oct). Corrected 5 lessons.	Became 22.6% of all views in about 10 days
Careers page	One form to apply for many jobs, referral feature, candidate login (6 to 17 Oct). Applications now email HR, plus a welcome email (31 Oct). Fixed resume upload and added email notifications.	Easier hiring
Ask Sara (chat helper)	Chat answering was too generic. Fixed the cause, made it cheaper to run and improved answers (27 to 29 Oct).	Chat works again
Brand and clean-up	New round logo (6 Oct). Our own testing no longer mixes into visitor data. Removed 190 wrong records.	Consistent look, correct data

4. Social Media and Design Content *Files are stored on Google Drive*

Item	Result
Designs made	20
Ready to use	15
Pending approval	2
In design	2
Cancelled	1
Posted online	0
Types of design	Brochures 8, Creatives 6, Brand promotion 5, Social post 1
Creatives ready each week	0, 0, 1, 4
Video or audio items	0
Products with full set	0 of 6
Platforms planned	Instagram, WhatsApp, Website

5. Problems Faced and How to Solve Them

Problem	Effect	Suggested solution	Who
Social media login and approval pending	2 finished designs stuck. Nothing posted.	Provide login access. Decide on approvals within 24 hours. Post 2 a week.	Reporting Manager
Few people click after seeing us	8 pages on Google page 1 were shown 1,525 times with 0 visits	Rewrite titles and short descriptions, starting with the lock-data article. Titles changed on 29 Oct will be checked in November.	Website team
Same page listed under two addresses	Old http address got 27 visits and splits our strength. 8 old pages still show.	Send old addresses to the new one and finish removing old pages.	Website team
Product pages get no visits	Cloud, Products and HRMS pages show up but nobody clicks	Give each product its own page with a clear message and a contact button.	Website / Content
No sound on work computer	No video or reel content this month	Fix sound or use another system. Make 2 short videos from brochures.	IT / Design
Design changes keep repeating	1 design cancelled, letterhead waiting for a template choice	Finalise the template for it to go into completion	Design / Reporting Manager

6. Plan for November

No.	What we will do	When	Expected result
1	Improve titles of the 8 pages that get no visits, starting with the lock-data article	Week 1	More people click (above 2.2%)
2	Send old web addresses to the main address; finish removing old pages	Week 1	Stronger single home page
3	Post the 15 ready designs, at least 2 a week, and note the date posted	Weeks 1 to 4	8 or more posts live
4	Create one clear page for TSS renewal and one for Tally Cloud	Weeks 2 to 3	First visits from these searches
5	Create local pages for Belapur, Navi Mumbai and Tally partner Mumbai	Weeks 2 to 4	More local visitors
6	Record the 8 brochures against products; finish 2 full product sets	Week 1	2 of 6 products complete
7	Fix the sound problem and make 2 short videos	Week 2	Video target started
8	Clean the tracker and compare November with October Google data	Week 4	Clear before-and-after view

How we will measure outcome	October	November goal	Comment
Visits from Google (28 days)	145	200 or more	New titles are live since 29 Oct
People who clicked: all / other topics	1.68% / 0.82%	2.2% / 1.5%	Company-name searches already at 6.7%
Weeks with creative target met	1 of 4	4 of 4	Plus 1 video item a week

Overall Assessment

The growth in our web presence has been identified, by a few search engine optimisation tools, as natural growth rather than growth from a generic paid campaign. Visitors are mostly arriving by reference or to resolve a query (as shown by the visitor record for how to lock TallyPrime data). Thus, we can add a few more such titles and improve the visitor count. The improvement in impressions suggests that Google is presenting our website to users, and that people are noticing our brand name appearing constantly on their devices.
